Sir:

Enclosed herewith is a replacement formal drawing for Fig. 1, marked as "Replacement Sheet" to indicate formal drawing amendments thereto.

In particular, it is noted that Fig. 1 has been amended to show a feature disclosed on pages 21-22 of the original specification. In this regard, it is noted that replacement Fig. 1 shows a "light-transmitting adhesive layer 18" between the transparent insulation film 10 and the transparent electrode layer 11, as described on pages 21-22 of the specification. No new matter has been added by the amendment to Fig. 1. Therefore, entry of the replacement Fig. 1 is respectfully requested.

Respectfully submitted,

Shinji HOTTA et al.
